

The Sustainability Accounting Standards Board (SASB) has developed a set of globally applicable, industry-specific sustainability standards. These identify financially material topics and associated metrics, in order for companies to communicate their sustainability approach and performance to investors.

Our current reporting already captures a number of the SASB accounting metrics. The table below shows where this information can be found, based on the standards for the Food Retailers & Distributors industry.

Topic	Accounting metric	SASB ref	link	Further information
Energy management	(1) operational energy consumed, (2) % grid electricity, (3) % renewable	FB-FR-130a.1	http://www.tescopl.com/carbon-footprint https://www.tescopl.com/renewable-electricity-transition-roadmap	Information on our carbon footprint, including breakdown of our energy consumption and renewable electricity plan is available on our website.
Food waste management	Amount of food waste generated, % diverted from waste stream	FB-FR-150a.1	http://www.tescopl.com/food-waste/own-operations	Full breakdown of food waste performance by market is provided on our food waste webpage
Data security	Description of approach to identifying and addressing data security risks	FB-FR-230a.2	http://www.tescopl.com/ar2020	Information on our principal risks and uncertainties, of which data security and privacy is one, can be found on page 16 of the Annual Report.
Product health and nutrition	Discussion of the process to identify and manage products and ingredients related to nutritional and health concerns among consumers	FB-FR-260a.2	https://www.tescopl.com/health-and-diets https://www.tescopl.com/lhp	Information on our health strategy can be found on our health and diets webpage and on page 24 of the Little Helps Plan Report.
Management of environmental and social impacts in the supply chain	% of revenue from (1) eggs that originated from cage-free environment and (2) pork produced without the use of gestation crates	FB-FR-430a.2	https://www.tescopl.com/Little-Helps-Plan20-21KPIs https://www.tescopl.com/lhp	Information on our approach to animal welfare, including KPI performance on eggs and pigs can be found on pages 19 and 25 of the Little Helps Plan Report respectively and in our data table summary available on our website.
	Discussion of strategy to manage environmental and social risks within the supply chain, including animal welfare	FB-FR-430a.3	http://www.tescopl.com/ar2020 https://www.tescopl.com/lhp https://www.tescopl.com/human-rights https://www.tescopl.com/planet/ https://www.tescopl.com/animal-welfare-group-policy	Information on our supply chain strategies, activity and performance can be found on page 17 of the Annual Report, throughout the Little Helps Plan Report and on our dedicated topic webpages.
	Discussion of strategies to reduce the environmental impact of packaging	FB-FR-430a.4	https://www.tescopl.com/packaging https://www.tescopl.com/lhp	Our approach to packaging is outlined on page 22 of the Little Helps Plan Report and on our packaging web pages.
