

Tesco UK Stores LTD - first tier food and grocery non-food sites

At Tesco we work in partnership with thousands of direct or 'first tier' suppliers who are located in the UK and around the world.

Transparency across these supply chains plays a key part in our human rights strategy and allows us to continually improve the way we source our products. It is vital to helping us manage risk in our supply chains, share learnings and enable collaborations for greater impact and mitigation. In recognition of the important role transparency has to play in clothing supply chains we published a list of direct suppliers for our F&F clothing range in 2017. We followed this up in 2021 with the publication of a list of direct suppliers in our tea supply chain.

In January 2022 we published the below full list of first tier food and grocery non-food suppliers, including overall supplier names, addresses, countries of origins and workforce numbers. This list includes own brand suppliers across a number of product categories, including meat and poultry, fruit and vegetables, bakery products, dairy, coffee and tea, confectionery, household, petcare, health & beauty, and wellness. This list will be updated on an annual basis in line with our continued commitment to transparency in the supply chain.
