F&F Factories

At Tesco F&F we work in partnership with large number of manufacturers around the world. Transparency across these supply chains plays a key part in our Home and Clothing strategy and allows us to continually improve the way we source our products.

It is vital to helping us manage risk in our supply chains, share learnings and enable collaborations for greater impact and mitigation. In recognition of the important role transparency has to play in clothing supply chains we published a list of direct suppliers for our F&F clothing range in 2017. In 2018 we disclosed our Tier 2 wet processing units and - our Tier 4 man-made cellulosic fibre producers. We regularly update this list and from September 2022 we have included our Tier 1 and 2 suppliers for Home textiles.

We aim to be transparent about our supply chains for food, grocery and non-food. In earlier 2022 we published a full of first tier food and grocery non-food suppliers, including overall supplier names, addresses, countries of origins and workforce numbers. This list can be found here.

Tier 1 Factory List:

Refers to a final or finished product manufacturing and assembling business entity that makes a final or finished product. The list covers all active Tier 1 F&F clothing factories as of end September 2023 and home textile factories as of end September 2023.

Tier 2 Factory List:

Refers to a final material manufacturing business entity that produces fabrics and materials primarily for consumption by Tier 1 Facilities/Suppliers without supplying a product direct.

This Tier 2 list represents over 90% of wet processing mills which supply our F&F clothing & Home Textiles Tier 1 factories as of August 2023.
